Motown Chartbusters Vol 6 CO103

With summer approaching and the weather feeling warm, what better way to celebrate the brightest time of the year than with one of the brightest compilations around.

As well as classics from the likes of **Diana Ross** and **Stevie Wonder**, it includes some classic rareties such as the song penned by **Mike Pinder** of **The Moody Blues** called *Simple Game* performed superbly by **The Four Tops** and their leader **Levi Stubbs**. It also includes tracks that became Northern soul classics such as *These Things Will Keep Me Loving You* by **The Velvelettes**, together with the disco classic *Heaven Must Have Sent You* by **The Elgins**.

Choose and enjoy!!
